Publication date: 1994-12-28
Inventor(s): JIANBO ZHAO (CN); JILIANG HUANG (CN)
Applicant(s): ZHAO JIANBO (CN)
Requested Patent: CN1096645
Application Number: CN19930107167 19930620
Priority Number(s): CN19930107167 19930620
IPC Classification: A23L1/29 ; A23L1/48 ; A23L1/10
EC Classification:
Equivalents:

Abstract

The instant porridge is produced with soya bean, wheat, corn, rice and dried sweet potato as main raw materials and oyster, coix seed, euryale seed, C_t yam, white hyacinth bean, etc. as additives through cooking and mixing with maltose and honey. Having high protein, low fat and rich Ca, Fe, Zn and other nutrients, the instant porridge is an excellent nutritious food.
